

NEW CARGOGLIDE

Bring the full contents of your truck bed out to you on the rugged, smooth-rolling DECKED CargoGlide. No climbing or crawling. Just grab, pull, and get after it.

ISO 9001 Quality Certified

Factory Fit

Lifetime Warranty

Made in the USA

WHY DECKED CARGOGLIDE IS #1 IN MARKET SHARE:

- Minimal 3.4"-3.9" tray height
- Best-in-class extension at 75%
- Rugged powder-coated steel, aluminum, and marine type plywood construction
- Lighter weight than Legacy CargoGlide while maintaining or exceeding strength and durability
- No pre-install time vs. competition: ready to install upon delivery and takes just 30-45 minutes
- Quick install on new generation Drawer System with purpose-built, no-drill brackets
- 3/4" marine type plywood deck with thermoplastic top sheet vs. the competition's composite honeycomb
- Smooth, safe operation with intuitive latch handles, multiple tray stops, and a flat pull throughout the full travel of the tray

Industries rely on DECKED CargoGlide to improve safety, ergonomics, productivity, and reduce TCO. Ideal for: Utilities, Energy, Telecom, Pest Control, Construction, Railroad, and more.

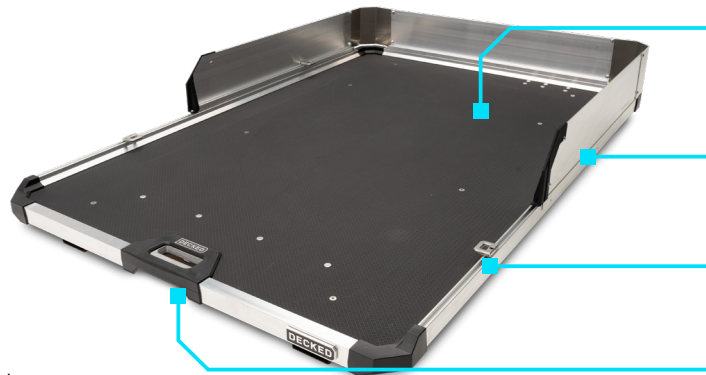

CARGOGLIDE 1000 KEY FEATURES

THE BEST IS NOW EVEN BETTER

More ergonomic, safer, and better cargo access compared to Legacy CargoGlide with an intuitive grab-and-pull handle, molded no-s snag corners, and tray extension increase from 70% to 75% providing up to an additional 13", depending on model.

EASY TO INSTALL

CargoGlide ships pre-assembled, so 30-45 minutes is all you need. Simply drill according to instructions, install the hardware, and bolt it down. Installation on our Drawer System is a snap with the purpose-built, no-drill universal bracket kit.

*SHOWN WITH OPTIONAL HIGH SIDES (NOT INCLUDED)

LIGHTER, SLEEKER, RUGGED AS EVER

Weight reduced by up to 20%, saving fuel costs and leaving more vehicle payload available for cargo. Tray height is now even lower at a minimal 3.9", while overall height is down 30% from 7.25" to 5.1". All with no loss in strength or payload.

EASY TO USE

Easily slides up to 1,000 lbs, bringing the full contents of your truck bed to you. Multiple tray stops allow you to select just how far you want to extend.

3/4" MARINE TYPE PLYWOOD WITH THERMOPLASTIC TOPSHEET

Weatherproof/UV-resistant

CAN MOUNT ON DRAWER SYSTEM

No-drill installation with simple bracket kit

EXTRUDED ALUMINUM SIDE PANELS

Featuring T-slot accessory channels

INTUITIVE GRAB-AND-PULL HANDLE

Single-handed operation

LOW PROFILE

More clearance under tonneau covers and caps

MULTI-POSITION TRAY STOPS

PRECISION-WELDED AMERICAN STEEL FRAME

Powder coated and robotically welded

INTEGRATED CLEARANCE FOR ANY TAILGATE

Built-in or adjustable

NOT COMPATIBLE WITH LEGACY DRAWER SYSTEM.

CARGOGLIDE 600 KEY FEATURES

THE HALF-WIDTH ANSWER

At 24" wide, CargoGlide 600 unlocks even more options for managing tools and gear with multiple configurations (pictured below). Plus the ultra-sleek tray height of 3.4" provides extra clearance under tonneaus, toppers, and mounted tool boxes.

SMOOTH OPERATION ANYWHERE

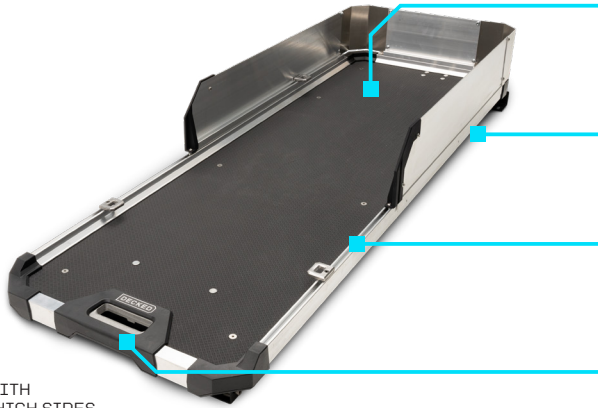

Burly rollers prevent the loaded tray from binding - even parked on a slope - while tight manufacturing tolerances eliminate rattling.

SECURE CARGO RETENTION

Tray side-rails feature T-slot channels for infinitely adjustable tie-down locations. Optional High Sides 8" side-rail extension accessory provides additional cargo retention for ultimate capability.

ACCESSORIES FOR CUSTOMIZATION

Fine tune your setup with four included tied-downs, additional tie-down 4-packs, High Sides side-rail extensions, and the extra-grippy and durable Battle Mat.
