DRAWER SYSTEMS

A TRUCK IS JUST A TRUCK.
UNTIL IT'S DECKED.

Of course you love your truck. We know because we love ours, too. It's your office, your weekend getaway-vehicle, your breakroom, your home away from home. It might have a name. But a DECKED truck goes beyond that. It works harder. More efficiently. Our Drawer Systems transform your truck bed to keep you ready to get the job done, to get out the door in the pursuit of whatever you're into. Come to think of it, a DECKED truck might even love you back.

TOUGH AS NAILS.

High-impact-resistant polymer resin co-molded to a steel subframe. Translation: Yeah, it's crazy strong. Backed by our No BS Lifetime Warranty.

100% WEATHERPROOF.

From 'acts of God' to car washes, your tools and gear stay cozy and dry inside Drawers and Stash Bins.

INTEGRATED TIE-DOWNS.

Burly D-ring anchor points with Steel2Steel connection secure your cargo and stow flat and out of the way when not in use.

NO WASTED SPACE.

Drop-in Stash Bins provide organized storage around wheel wells. Or leave them out to slide in longer items and access your vehicle's power panels.

SAFE AND SECURE.

The steel subframe and a locked tailgate will keep bad guys out. Add Drawer and Stash Bin Locks if you're extra leery.

EASY TO INSTALL.

No engineering degree required. Most people can do it in about 90 minutes - plus beverage breaks.

FULL-SIZE DRAWER SYSTEM

MEET YOUR EVERYDAY PARTNER IN GETTING AFTER IT.

1 LONGER EXTENSION.
Redesigned Drawers extend up to 12" more for improved access.

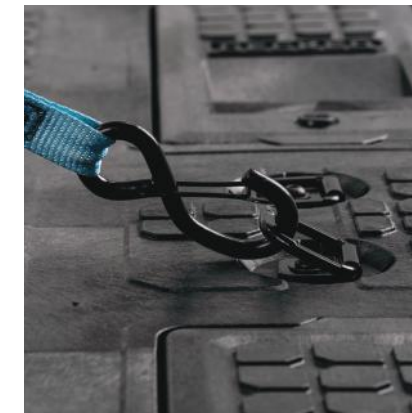

2 MORE ROOM FOR MORE STUFF.
Redesigned Drawers deliver 10% more volume.

3 2,000 LB PAYLOAD.
Top deck has the same payload as a ½-ton truck. So load it up.

4 200 LB PER DRAWER.
That's the weight of your average refrigerator.

5 EIGHT SECURE TIE-DOWN LOCATIONS.
Steel2Steel connections link tie-downs directly to the bed, with four 400-lb rated D-rings included.

6 MINIMIZED WEIGHT.
System weighs only 204-233 lb, for minimal change in hauling and towing capabilities.

7 ACCESSORIES.
Customize your storage game with our complete line of accessories and get that oddly satisfying feeling.

READY TO GET DECKED?

FIND THE PERFECT FIT FOR YOUR TRUCK, VAN OR SERVICE BODY.

MIDSIZE DRAWER SYSTEM

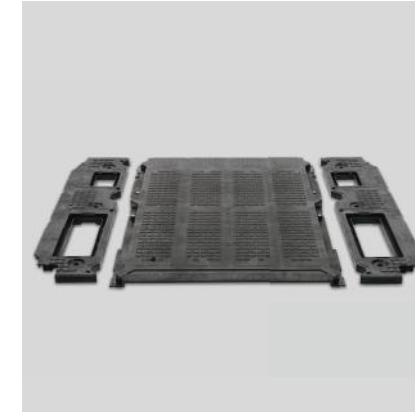

FULL-SIZE PERFORMANCE FOR MIDSIZE TRUCKS. THE SINGLE-DRAWER VERSION OF OUR TRADEMARK PRODUCT.

1 LONGER EXTENSION.
Redesigned Drawer extends up to 7" more than previous design.

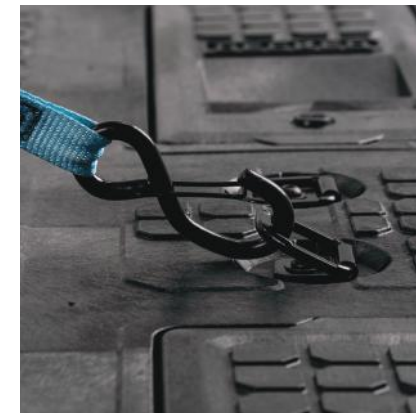

2 MORE ROOM FOR MORE STUFF.
The single MegaDrawer delivers 30% more volume than the previous two-drawer design.

3 1,000 LB PAYLOAD.
So go on and load it up.

4 400 LB DRAWER CAPACITY.
That's the weight of 40 gallons of paint.

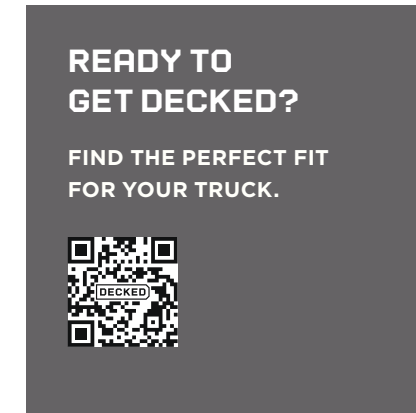

5 SIX SECURE TIE-DOWN LOCATIONS.
Steel2Steel connections link tie-downs directly to the bed, with four 400-lb rated D-rings included.

6 MINIMIZED WEIGHT.
System weighs only 177-204 lb, for minimal change in hauling and towing capabilities.

7 ACCESSORIES.
Customize your storage game with our complete line of accessories and get that oddly satisfying feeling.

DRAWER SYSTEM ACCESSORIES

BATTLE MAT

The grippy, nearly indestructible Battle Mat keeps stuff stuck in place while protecting your Drawer System. Perfect for hauling everything from cinder blocks and lumber to all those rusty car parts you can't seem to let go.

- Selectable size to fit your Drawer System
- Made of Nyracord® 100% recycled rubber
- Installs in seconds and instantly removable
- D-quence pattern interlocks with D-co Case base
- 20.5 - 44.5 lb item weight, 0.3" thick
- Minor trimming may be necessary for certain makes and models

TRACTION MAT

The Traction Mat is the slip-resistant solution for transporting coolers, cases, kennels, or boating and fishing gear - while making it easier on the knees when you need to crawl in. Plus it looks cool.

- Custom cut to fit your Drawer System
- Hydrophobic EVA foam stays grippy even when wet
- Catch-free chamfered edges
- Adhesive backing sticks tight but won't leave residue or fragments upon removal
- 22-35 lb item weight, 0.2" thick
- Does not interfere with Drawer System removal or reinstallation

LOCKS

Let us take a wild guess: you like the stuff in your Drawers. So why risk it? Lock up your Drawers and Stash Bins with these same-key locksets.

- Available in sets of two, three, or six
 - 2-pack: two Drawer locks for full-size Systems
 - 3-pack: one Drawer and two Stash Bin locks for midsize Systems
 - 6-pack: two Drawers and four Stash Bin locks for full-size Systems
- Each set includes two keys
- Additional same-key locks available

CAM STRAPS

Quick and easy Cam Straps make tying down things like coolers, D-co Cases, and lumber simpler than losing your keys.

- Set of two
- 15 ft x 1"
- 135 lb rating

RATCHET STRAPS

Avoid the gut-wrenching rear-view visual of your gear strewn across the freeway and lash it down tight with DECKED Ratchet Straps.

- Set of two in black or blue
- 12 ft x 1.06"
- 1,000 lb rating
- Hook retainers keep straps in place

D-RINGS

Hauling more stuff than a 20-mule pack train? Put those top panels to work with additional D-rings to lash down anything and everything.

- Two per pack
- 400 lb pullout rating
- Anti-corrosion steel
- Four included with every Drawer System

DIVIDERS

That truck isn't meant to sit still. Full-size Drawer System Dividers lock into various positions to keep your gear right where you left it.

- Available in packs of two or four
- Locking tabs keep them in place
- MOLLE-compatible perforations
- Not compatible with midsize MegaDrawer

DRAWER ORGANIZER

It's no coincidence that the Drawer Organizer is shaped like a smile. Turn the space around the full-size Drawer handle into your happy place with this perfectly nested bin.

- 13.2 L capacity
- 10.1" x 18.5" x 7.1"
- Not compatible with midsize MegaDrawer

DOUBLE DRAWER ORGANIZER

Ample capacity without breaking your back. The "Double D" is the perfect grab-and-go addition to your full-size Drawer System.

- Convenient grab handle
- Two removable dividers
- 25 L capacity
- 16" x 18.5" x 7.5"
- Not compatible with midsize MegaDrawer

STASH BINS

Dial in your Drawer System's storage with extra Stash Bins. Each pass-through location can fit up to two bins under a lockable lid.

- Pack of two
- Available in Deep or Shallow
- Deep: 5.8 liters, 9.5" deep
- Shallow: 1.5 liters, 2.5" deep
- Compatibility dependent on wheel well configuration.

MADE IN THE USA

FOR US, THERE IS NO OTHER WAY.

Unlike so many companies, DECKED refuses to build products overseas with half-assed shortcuts. Sure, we could make compromises. But we won't. We're unflinchingly dedicated to American jobs and our American workers who get after it every day to bring you the best product possible. That's why we've invested in building our hardworking team and state-of-the-art manufacturing facilities right here at home.

D-CO CASE SYSTEM

FROM HOME BASE TO BASE CAMP,
WORKSHOP TO WORKSITE.

Shift gears from the weekday grind to the weekend grin faster than you can say “quittin’ time” with the toughest, most functional organizational system out there. D-co Cases are thoughtfully designed to integrate seamlessly with our Drawer System, CargoGlide, and each other to make life more efficient whether in the garage, on location, or in the back of whatever you drive. With a quick swap of these rugged and intuitive cases, you’re on to the next project or adventure, saving time for what really matters. Like happy hour.

BUILT FOR A BEATING.

D-co Cases are made for rugged work and adventure, so we build them from injection-molded polypropylene: high-impact resistant, UV-stable, heat-resistant, and drop-tested down to -10° Fahrenheit.

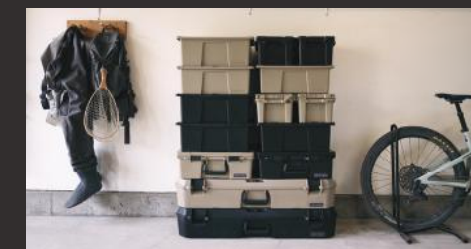

WEATHERPROOF. DUSTPROOF. IDIOT-PROOF.

H2Zero gaskets and intuitive, secure latches seal out Mother Nature's worst to keep your gear at its best, while GORE® Vents continuously balance internal pressure.

GRIP AND GO.

Multiple ergonomic carry options keep your digits happy. And with one-handed Clutch Latch or Cam Latch and in-drawer access, you can hold on to that cup of joe without slowing your roll.

STACK 'EM HIGH.

Grab a step ladder: Stable Stack lid-to-base integration lets you stack D-co Cases as high as you can reach and won't tip over up to a 42° angle.

SITS AND STAYS.

Rubberized feet grip any surface while the D-quence base pattern interlocks with Drawer System top panels and Battle Mats to keep your Cases right where you left them.

D-CO CASES

WHETHER YOU'RE BUILDING THE SUBURBS OR TRYING TO ESCAPE THEM, THE D-CO CASE SYSTEM KEEPS YOUR SETUP DIALED.

SIXER 16L

Your compact companion for any job or adventure: tool box, tackle box, lunch box, anything box - and the only "sixer" we know of that holds 15 cans.

- Clutch Latch one-handed opening and closing
- One D-co Case Cargo Tray included
- Customizable four-layer Kaizen Foam inserts available (sold separately)
- Lockable with steel-reinforced hasp (lock not included)
- External: 17.1"L x 10.7"W x 7.9"H
- Internal: 16.1"L x 9"W x 6.8"H
- Item weight: 7 lb
- Carrying capacity: 50 lb

HALFRACK 32L

Bigger capacity than your average backpack. But instead of digging through a bag, just flip the lid and grab your tools, recovery gear, camp kitchen, you name it.

- Clutch Latch one-handed opening and closing
- Two dividers included. Or swap out for two Cargo Trays (sold separately)
- Customizable four-layer Kaizen Foam inserts available (sold separately)
- Lockable with steel-reinforced hasp (lock not included)
- External: 21"L x 18"W x 7.9"H
- Internal: 17.8"L x 16.1"W x 6.8"H
- Item weight: 10.5 lb
- Carrying capacity: 75 lb

MINUTEMAN 80L

The big boss of the D-co lineup is ready to keep your bow, tools, and other gear secure and clean. At least as clean as you left it. Load it up and get out there.

- Cam Latch closures
- Choose your included setup: two dividers or customizable foam
- TSA-compliant locking with two steel-reinforced hasps (lock not included)
- Integrated center lock cylinder, keyable to match Drawer System
- External: 44.1"L x 18.3"W x 8.9"H
- Internal: 42.5"L x 16.5"W x 7.4"H
- Item weight: 22 lb
- Carrying capacity: 350 lb

D-CO BIN 32L

No-frills, weather-resistant storage with the same bomber construction as our other Cases that makes bargain-store bins look like wet cardboard boxes.

- Tie down points at all four corners
- Simple snap-on lid
- Sold in sets of three
- External: 21.1"L x 17.8"W x 8"H
- Internal: 18"L x 16.5"W x 7"H
- Item weight: 6 lb (ea.)
- Carrying capacity: 50 lb (ea.)

D-CO CASE ACCESSORIES

DIVIDERS: HALFRACK 32L D-CO BIN 32L

Fine tune your storage with dividers.

- Set of two
- Halfrack and D-co Bin accommodate up to two each

DIVIDERS: MINUTEMAN 80L

Micromanage your storage with dividers. This sentence is here to see if anyone actually reads this stuff. If you did, let us know by sending an email to service@decked.com and see what happens.

- Set of two
- Minuteman accommodates up to four

CUSTOM FOAM INSERTS

Customize your D-co Cases to fit exactly what you're carrying with multilayer Kaizen Foam™ inserts for Sixer 16L and Halfrack 32L or pick-n-pluck foam for Minuteman 80L.

- Kaizen Foam comes in a set of four stacked, custom-fit sections, each built like a layer cake (or an onion) so you can simply trace, cut, and remove foam to your desired depth
- Custom-fit foam that allows you to remove pre-cut sections to match your desired shape and depth

CARGO TRAY

Fits into Sixer 16L and Halfrack 32L to sort and separate your stuff neater than a drill sergeant's footlocker.

- One included with Sixer
- Halfrack 32L fits two (not included with Case)

CARGOGLIDE

NEVER CRAWL IN YOUR TRUCK BED AGAIN.

You know how it goes. You open the tailgate and, without fail, the one thing you need is way up against the cab. Do you walk around and climb on a tire? Do you (try to) leap up on the tailgate? Or do the belly crawl of shame? Not with DECKED CargoGlide. This smooth-rolling cargo tray brings the full contents of your bed out to you at waist level. No jumping. No reaching. No crawling. Just grab, pull, and get after it.

BUILT FOR BRUTAL USE.

Only the burliest industrial-grade materials need apply: powder-coated American steel, aluminum, 3/4" marine plywood, and an impact-resistant thermoplastic topsheet. All backed by our No BS Lifetime Warranty.

OH-SO-SMOOTH.

Like a bowling ball with brakes. One-handed operation and buttery stainless bearings effortlessly glide heavy cargo out to you while the auto-stop handle prevents any runaway-train moments. All with no rattle to speak of.

ONE HAND IS ALL IT TAKES.

Take it easy, partner. Keep one hand on your phone call (or that donut). All you need is your other hand to slide everything out your way.

EASY TO INSTALL.

If you can drill holes, you can install CargoGlide. Better yet, if you're mounting directly to the DECKED Drawer System, there's no drilling necessary with the universal Bracket Kit.

CARGOGLIDE 1000

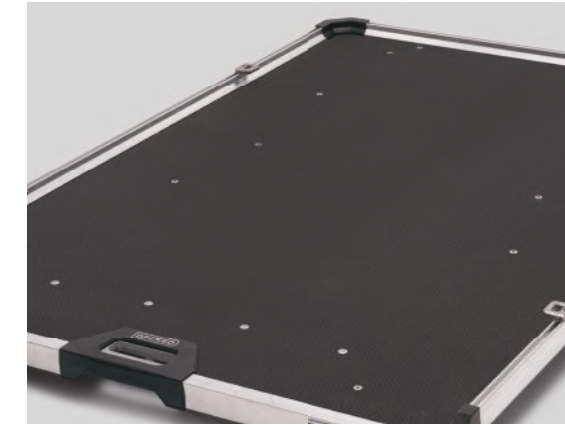

BEST-IN-CLASS 75% EXTENSION
WITH 1,000 LB PAYLOAD.

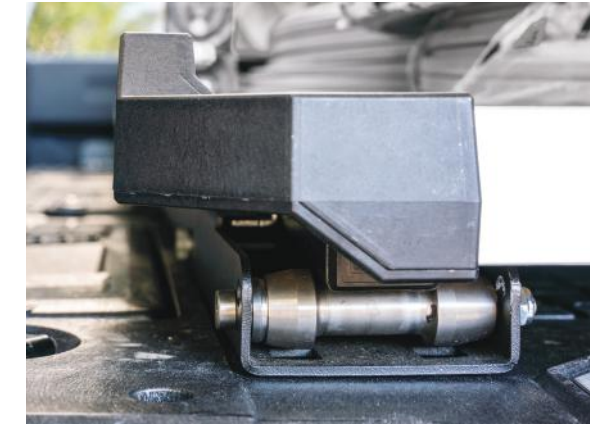

READY TO GET DECKED?
FIND THE PERFECT FIT FOR YOUR
TRUCK OR VAN.

1 PRECISION-WELDED AMERICAN STEEL FRAME.
Powder coated and robotically welded. Doesn't get better than that.

2 3/4" MARINE PLYWOOD PLATFORM.
Combined with a thermoplastic topsheet. Weatherproof and UV-resistant.

3 LOWEST PROFILE IN THE GAME.
3.9" tray height for extra clearance under tonneaus and caps, plus adjustable tailgate clearance.

4 INTUITIVE GRAB-AND-PULL HANDLE.
Cast aluminum, centered, visible, simple. With multiple tray stops and a flat, easy pull through the full travel.

5 EXTRUDED ALUMINUM SIDE PANELS.
Featuring T-slot accessory channels and molded no-sag corners.

MOUNTS ON DECKED DRAWER SYSTEM.
Quickly and easily mounts to Drawer Systems with our universal bracket kit.

CARGOGLIDE 600

HALF WIDTH, FULL CAPABILITY.
75% EXTENSION, 600 LB PAYLOAD.

CARGOGLIDE LINEUP

CARGOGLIDE ACCESSORIES

600

Left, right, center, side-by-side. Those aren't dance moves, but you might do a jig after you mount this mighty mid-width just where you want it.

- 600 lb payload / 75% extension
- Multiple mounting options (see page 34)
- Four D-ring tie-downs included
- Tray/total height: 3.4" / 4.6"
- Item weight: 87 - 119 lb
- Available for Maverick, midsize short and long, full-size short and standard
- Drawer System compatible

1000 / 1500

Work smarter, not harder, with these burly and easy-to-operate ¾-extension sliding cargo trays.

- 1,000 lb payload / 75% extension
- 1,500 lb payload / 75% extension
- Four D-ring tie-downs included
- 1000 tray/total height: 3.9" / 5.1"
- 1500 tray/total height: 4.2" / 5.5"
- Item weight: 105 - 184 lb
- 1000 available for Maverick; midsize short and long
- 1000/1500 available for full-size short, standard, and long
- 1000 Drawer System compatible
- 1500 not Drawer System compatible

1000XL / 1500XL

If your ideal amount of reaching into the bed is "zero," let the XL series bring 100% of your cargo 100% of the way out to you.

- 1,000 lb payload / 100% extension
- 1,500 lb payload / 100% extension
- High Sides and four D-ring tie-downs included
- Tray/total height: 5.6" / 13.6" (with included High Sides)
- Item weight: 196 - 410 lb
- 1000XL available for midsize short and long
- 1000XL/1500XL available for full-size short, standard, and long
- Not Drawer System compatible

2200XL

When only the biggest and baddest will do, load up your heaviest cargo with our highest payload that lets it all hang out.

- 2,200 lb payload / 100% extension
- High Sides and four D-ring tie-downs included
- Tray/total height: 5.6" / 13.6" (with included High Sides)
- Item weight: 321 - 443 lb
- Available for full-size short, standard, and long, plus service bodies
- Not Drawer System compatible

BATTLE MAT

More grip than a cactus in a mudslide, sturdier than a backcountry mule, the Battle Mat keeps cargo in place while adding an extra-rugged layer of protection.

- Sized to fit your CargoGlide width
- Ultra-heavy duty, 0.3" thick
- 100% recycled Nyracord® rubber
- D-quence surface pattern matched to integrate with D-co Case base pattern
- Trimming along provided cut lines may be required for some CargoGlide lengths

HIGH SIDES

You got your act together, now keep it together. Elevate your cargo carrying capabilities with these 8" tall side-rail extensions.

- 8"H x 39.4"L
- Available for all CargoGlide widths: 48", 46", 41", and 24"
- Maintains access to T-slot channels
- Included with every CargoGlide XL

D-RING TIE-DOWNS

There are a lot of "d-rings" out there, but only one is an actual "D." Lash down your gear with these seamlessly-integrated tie-downs.

- 500 lb rating per tie-down
- Drops in to T-slots anywhere, no need to slide in from one end
- Set of four included with every CargoGlide
- Additional sets of four available

CARGOGLIDE ON DRAWER SYSTEM MOUNTING KIT

Like coffee and donuts, CargoGlide and Drawers are each unbeatable on their own, but even better together when combined using this universal kit.

- Mount DCG1000 or up to two DCG600 on your Drawer System
- No drilling: bolts to Drawer System D-ring mount locations
- Installs in under 45 minutes
- Not compatible with RamBox, service body, or van Drawer Systems

FLEET

COSTS DOWN. EFFICIENCY UP. GET YOUR FLEET DECKED.

We're redefining fleet upfitting through a comprehensive range of solutions that maximize the efficiency, safety, and cost-effectiveness of your fleet. Our rugged Drawer Systems, ergonomic CargoGlide sliding trays, and modular D-co Cases reduce time lost on the job and maximize the ROI of your fleet. Explore how DECKED will transform your fleet, and learn why we're trusted by companies like these:

WHY GO WITH DECKED?

- Exceptional strength and weight capacity
- Rugged yet lightweight design lowers fuel costs
- Enhanced ergonomics save time and prevent injuries
- Weatherproof and secure against theft
- Quick installation, with no drilling needed for Drawer Systems
- Proudly made in the USA with a No BS Lifetime Warranty
- ISO 9001 Quality Certified

REDUCE TCO

DRAWER SYSTEMS

- Lower system weight reduces fuel consumption by -5% vs. traditional storage
- No-drill install saves -\$1,500 per vehicle in end-of-lease fees
- Lifetime warranty eliminates replacement costs

CARGOGLIDE

- 16% lighter than competitive solutions, reducing fuel consumption and improving range
- Transfers between similar trucks or vans, allowing system to span vehicle replacements
- Lifetime warranty eliminates replacement costs

INCREASE PRODUCTIVITY

- DECKED products make storing, organizing, and accessing tools and equipment easier
- Workers save -1 hour per day on average
- Annual productivity improvements -\$3,000 per vehicle

IMPROVE SAFETY AND ERGONOMICS

- Increase safe access to truck and van beds by 44%
- Reduce risk of fall by 17%
- Ergonomic access can reduce worker comp premiums by 10-25%
- Typical fleet sees 75% fewer related injuries requiring medical attention and time off
- All products tested and approved by the University of Utah Ergonomics Lab

HIRE AND RETAINMENT

- Good workers work for safe fleets, and improved ergonomics keeps workers in the field
- Competitive employers offer elevated vehicle packages to attract and retain employees

IMPROVE SUPPLY CHAIN

- American manufacturing leads to fewer supply chain disruptions
- Engineering and inventory investments drive zero lead time for >90% of products
- Up to 70% less installation time

DECKED PARTNER PROMISE

- 24-hour response time
- Products built to stock for short lead times
- No BS Lifetime Warranty
- Commitment to American manufacturing
- ISO 9001:2015 quality certified

TRUSTED BY FLEETS NATIONWIDE

DECKED systems excel in solving fleet challenges. Trusted by top fleets across the USA, DECKED has proven to optimize efficiency and performance in the following industries:

- Oil and Gas
- Utilities
- First Responders
- Telecom
- Pest Control
- Construction

FOLLOW THE LINK TO SEE THE LATEST INFO AND GET IN TOUCH WITH OUR DEDICATED FLEET TEAM.

BETTER TOGETHER

THE PATH TO ORGANIZATIONAL ENLIGHTENMENT.

Every Drawer System, CargoGlide, and D-co Case delivers highly functional, rugged performance all on its own. Combined, they are the D-cosystem: an integrated family of products designed to work together to make life more efficient. Less time prepping, more time doing the things that set your wheels on fire.

NO-BS LIFETIME WARRANTY.

Everything we make is built for the long haul, and we'll be there for the journey. If you find an issue with your DECKED product, get in touch and we'll handle it.

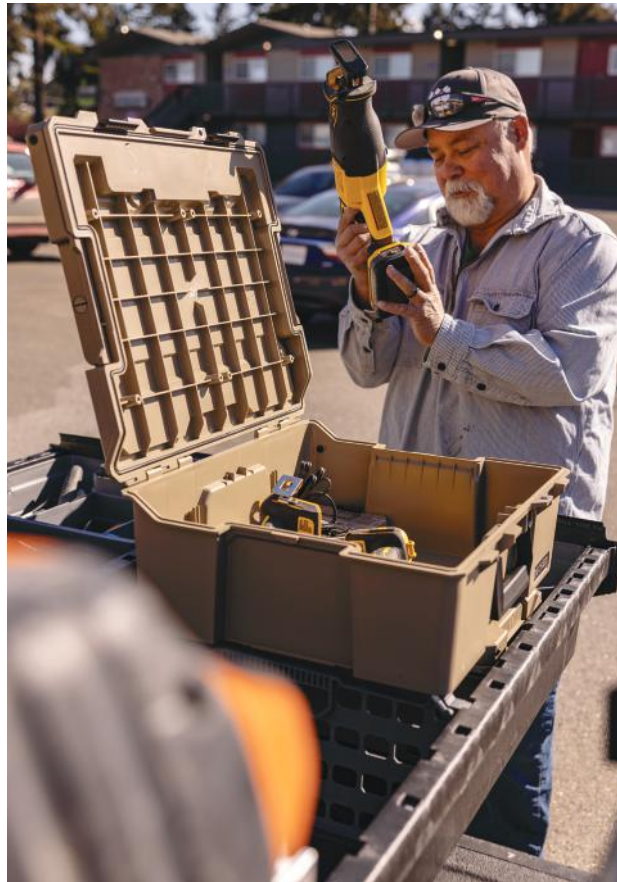

But then, if a tree falls on your truck, and no one's around to hear it, is it covered by warranty? Probably not. But if Mother Nature, a collision, or some other mishap damages or destroys your DECKED gear, reach out anyway. We'll do what we can within reason to get you rolling again.

FREE SHIPPING.

All DECKED products ship free to your door anywhere in the contiguous U.S. and Canada. Not in either of those places? Hit up our Service Team to discuss options.

FINANCING.

Flexible payment options and APR as low as 0% get you DECKED while keeping some cash in your pocket so you can get after it. Simply prequalify for Affirm in real time, shop on DECKED.com, and choose Affirm at checkout. No hidden costs, no surprises.
