All Bolt Bins come with separators, clips, installation tool and instructions to enhance the organization potential of each bin. The **DividerClip** system utilizes plastic clips that can be snapped into place to reduce metal-on-metal rattling. This separator system is easily adjusted and more reliable in terms of keeping small items in place during transit.

CONFIGURED BOLT BINS

Do you feel constricted by a limited number of "standard sized" bolt bins?

Customize your own with the help of one of our authorized dealers for instant pricing, sizing, and color options.

Bolt bins are a universal fit product and the sizing is determined by the width and height of the individual bin.

CUTAWAY - Front

REQUEST FOR QUOTE INFORMATION GUIDE

Follow the obstruction guide and compartment measuring instructions to gather the information needed for quoting!

STEP 1

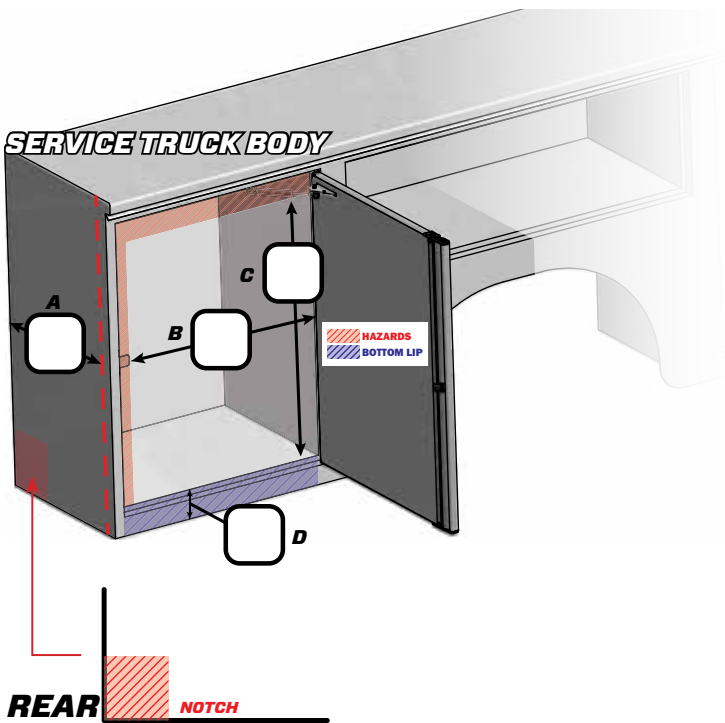

Truck Body Make and Model:

STEP 2: MEASUREMENTS

Drawer opening guidelines:

- Check door latch clearance
- Final dimensions must be a clear opening size.
 - meaning no hazards such as: doors, strike plates, chains, weather stripping, gas shocks or any other type of object must enter in the clear opening measurement.

If these are not taken into consideration we cannot guarantee the proper fitment and installation of a CTECH drawer unit.

A: Depth

in inches

B: Width

DRAWER OPTIONS

DRAWERS

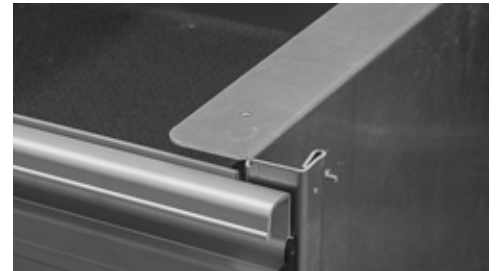

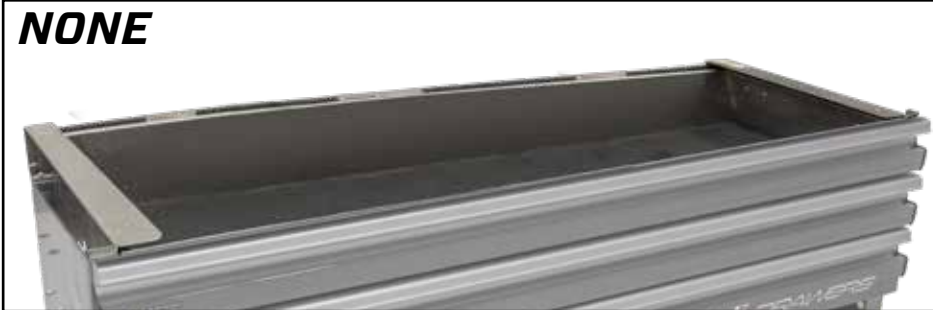

ANY STANDARD PRODUCT CAN BE CUSTOMIZED TO YOUR SPECIFIC NEEDS

A variety of options, to fit your needs.

TOP OPTIONS

NONE

With no top option you can extend the drawer unit to the top of a compartment if the clear opening allows for it.

FLAT

Turns the top of any Tool Drawer Unit into a great work surface and gives a quality finished appearance. Top powder coat finish is the same color as the drawer face. **Height: 0.125"**

FIXED TRAY

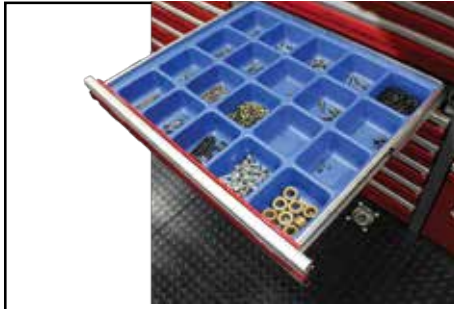

Add another area of storage with the fixed top. Its design allows for a shallow tray that keeps items from rolling off the top. Top powder coat finish is the same color as the drawer face. **Height: 1.313"**

TELESCOPING TRAY

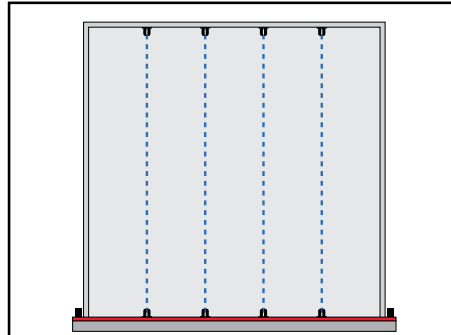

Maintain the same storage benefits of the fixed tray and still have the adaptability to mount the adjustable wings to secure the tool drawer unit. Optional powder coat finish is the same color as the drawer face. **Height: 1.313"**

DRAWER DIVIDER OPTIONS

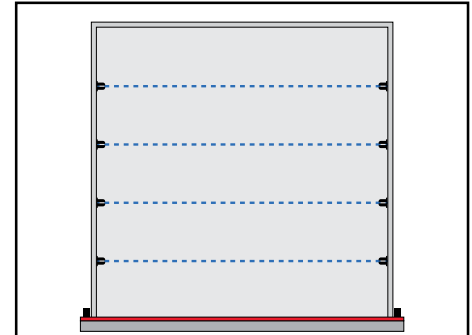

**MOLDED PARTS TRAY**

- Available in 3" & 4" drawers
- Trim to fit
- Leak proof
- Easy to clean

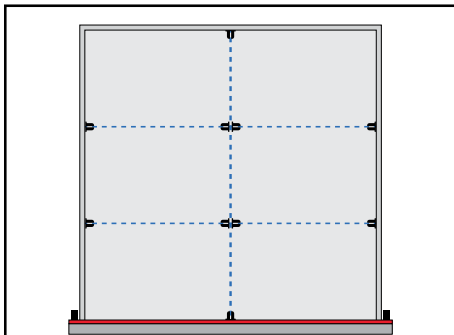

**DC-DIV Front to Back***

- (4) adjustable (front to back) dividers

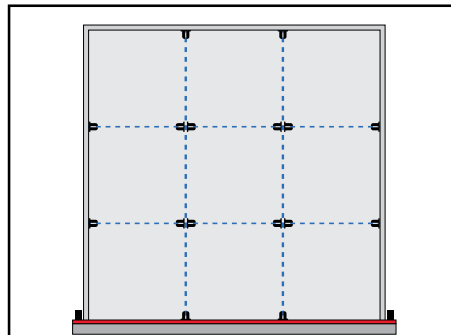

**This option is only available upon initial order placement.*

**DC-Div Side to Side**

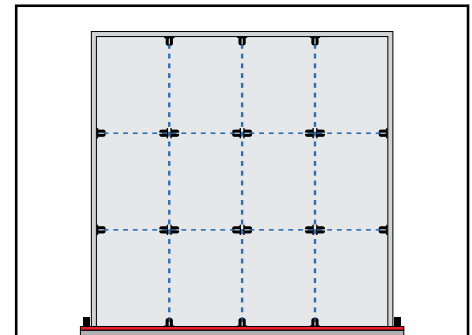

- (4) adjustable (side to side) dividers

**DC-DIV 2**

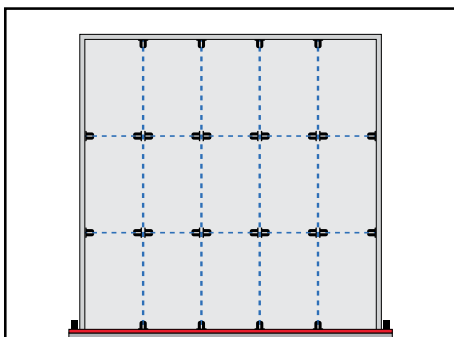

- (1) (front to back) divider
- (4) adjustable (side to side) separators

**DC-DIV 3**

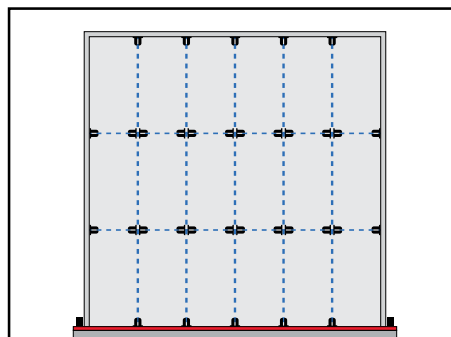

- (2) (front to back) dividers
- (6) adjustable (side to side) separators

**DC-DIV 4**

- (3) (front to back) dividers
- (8) adjustable (side to side) separators

**DC-DIV 5**

- (4) (front to back) dividers
- (10) adjustable (side to side) separators

**DC-DIV 6**

- (5) (front to back) dividers
- (12) adjustable (side to side) separators

**Divider Clips**

- Part #7906-20, 20 Clips Per Bag
- Includes Installation Tool

** Front-to-back dividers are punched at 2" increments to accommodate adjustable clips.*

Additional Separators: Div (side to side) | Div (front to back) | DIV 2-6

CUSTOM NOTCHING

Standard drawer units that require rear notching for a specific manufacturer truck body come with the correct notch size, but when building a custom unit, notching measurements are needed.

DRAWER LOCKS

FOR BANKS OF 3+ DRAWERS

Security of your tools and supplies is important when your livelihood depends on them to perform your job. CTECH has drawer lock options available for that added peace of mind.

SLIDE CAPACITY

STANDARD DUTY

250 LBS RATING. More than enough drawer slide for 95% of applications.

EXTREME DUTY

500 LBS RATING. Just like the name says, these slides are designed for extreme conditions.
