INFINITE OPTIONS IN TRUCK BODY DESIGN

The Classik truck body offers a multitude of intelligent design features that provide superior durability, improved usability and an enhanced appearance, while enjoying a lower total cost of ownership.

INFINITE OPTIONS IN TRUCK BODY DESIGN

Transit's Classik truck body offers a multitude of intelligent design features that improve durability, usability and appearance while reducing your total cost of ownership. Featuring corrosion-resistant materials, flexible design customization and rivet-free panels, the innovative Classik truck body is in a class of its own. Our design flexibility allows you to customize your truck body in a multitude of ways; whatever your idea we can build it. What's more, you can take advantage of our unmatched delivery turnaround, or choose a truck body from our vast inventory of ready-to-go models, delivered to you in a matter of days.

WHY CHOOSE A CLASSIK TRUCK BODY?

LOWER COST OF OWNERSHIP

You spend less. The Classik is the most cost-effective truck body in North America. With its unique design features, your truck body is more durable, repairs are less frequent and downtime is minimized.

LESS MAINTENANCE

Your repairs are fewer and done quicker. All materials used in the Classik truck body are corrosion-resistant and more resilient. The unique design of our body panels allows repairs to be performed from the exterior without disassembly.

MORE CUSTOMIZATION OPTIONS

You get what you need. Transit makes sure you get the truck body that meets your specific needs. Classik's design flexibility allows you to customize your truck body in a multitude of ways.

A BETTER LOOKING TRUCK

Your truck looks great. Classik's rivet-free panels provide a smooth surface for lettering and imaging. Stainless steel corners, LED lights and more, all enhance the look of your truck body.

QUICKER TURNAROUND

Your business doesn't have to wait. Transit's on-site inventory of Classik truck bodies means you can get the truck body you need in a matter of days.

INCREASED SAFETY AND INNOVATION

With enhanced safety features such as grab handles, built-in skid resistance and sloped door sills for water run-off to protect goods, you worry less.
