# EBY FLEX

## REMOVABLE-SIDES LANDSCAPE BODY

### Custom equipment that works for you

The All Aluminum EBY FLEX features strong, lightweight side and rear panels that can be removed in seconds, turning your landscaping truck into a flatbed. We added a cab protector with room on top for 2 wheelbarrows, and plenty of points to tie them down. The tarp is also standard equipment, and is tucked out of the way when you don't need it. The Harsh hoist and our custom-designed sub-frame complete a dump assembly that's the best in the business.
