TRUCK BODIES THAT WORK AS HARD AS YOU DO

EBY PRO

DOUBLE-WALL LANDSCAPE BODY

Custom equipment designed for you

The EBY PRO features pre-painted outside panels that are perfect for your company logo, with a mill-finish inside wall that takes all the punishment your business can dish out. We add an extruded aluminum sub-floor with a hardened 3/16" aluminum sheet floor, an 8-ton hoist, rear barn doors and an optional side door for easy access to the body. Features like custom cab shields, a variety of steel trailer-hitch and bumper combinations, and your choice of spring-fed or electric tarps complete a landscaping body that works hard all day and always looks great.
