

## Dry Freight Parcel Van Mini-Mover Specifications

### Dimensional Key

- A = Overall Width
- B = Interior Width
- C = Exterior Height \*
- D = Interior Height \*\*
- E = Rear Door Opening Width
- F = Rear Door Opening Height
- G = Side Door Opening Width
- H = Standard Side Door Opening Height
- J = Leading Edge of Side Door to Inside Front of Body
- K = Exterior Length of Body \*\*\*
- L = Inside Front Panel to Inside Rear Door Panel \*\*\*\*
- M = Body Mount Height

| Body Model  | Height & Width Dimensions |         |         |        | Rear Roll-Up or Swing Door Opening |        | Side Door Opening Single Panel |        |
|-------------|---------------------------|---------|---------|--------|------------------------------------|--------|--------------------------------|--------|
|             | A                         | B       | C       | D      | E                                  | F      | G                              | H      |
| FVFD/PVFP72 | 79-1/2                    | 78-7/16 | 85-9/16 | 72-1/2 | 71-1/2                             | 66-7/8 | 36 3/8                         | 64 1/8 |
| FVFD/PVFP78 | 79-1/2                    | 78-7/16 | 91-9/16 | 78-1/2 | 71-1/2                             | 72-7/8 | 36 3/8                         | 70 1/8 |

\* Exterior height includes roof crown but does not include body longitudinals or mounting wood/plates.

\* Add 1/4" to exterior height for bodies with wheelboxes. Subtract 6-15/16" from interior height at optional wheelboxes.

\* Add 6" to exterior height for bodies with flat floor (no wheelboxes).

### Body Length Dimensions

|                |            |            |            |
|----------------|------------|------------|------------|
| Nominal Length | 10         | 12         | 14         |
| K***           | 10' 6-3/4" | 12' 6-3/4" | 14' 6-3/4" |
| L****          | 10' 2-1/4" | 12' 2-1/4" | 14' 2-1/4" |

\*\*\*Exterior length is less rear light protector and bumper. If body does not have a liftgate or drop step bumper, add 2-1/4" to overall length to cover rear light protector. If body has 10" drop step bumper, add 8" to exterior length.

\*\*\*\*Inside length is based on roll-up rear door and 3/8" FRP front end. If body has swing doors, add 1-1/4" to inside of rear frame post or 3" to door panel. If body includes recessed bulkhead, deduct 6" to inside of front end.

### Body Mount Height Dimensions For Chassis Model

| Nominal Height | GM G-Series | Ford E-Series | Ford Transit |
|----------------|-------------|---------------|--------------|
| M (Wheelboxes) | 3-3/4"      | 3-3/4"        | 1/2"         |
| M (Flat Floor) | 9-1/2"      | 9-1/2"        | 6-1/4"       |

Body mount height is measured from top of chassis frame rails to top of longitudinals.

Body mount height includes 1/4" longitudinals for wheelbox applications or 6" channels for flat floor applications.

Body mount height also includes 3-1/2" wood spacer for GM G-Series and Ford E-Series chassis or 1/4" steel plates for Ford Transit chassis.

### Calculated Weight Chart

| Body Weight | Body Length (Wheelboxes) |      |      | Body Length (Flat Floor) |      |      |
|-------------|--------------------------|------|------|--------------------------|------|------|
|             | 10                       | 12   | 14   | 10                       | 12   | 14   |
| 72          | 1191                     | 1353 | 1515 | 1355                     | 1550 | 1745 |
| 78          | 1229                     | 1380 | 1531 | 1393                     | 1577 | 1761 |

Body weight includes: base body with 5/8" marine-grade plywood floor, O/H rear door, step bumper, mud flaps, lighting per FMVSS 108, mounting kit. 3/8" FRP panels on sides and front. weight tolerance = 3%.

| Standard Side Door Locations                                                                                                                 |         |    |    |
|----------------------------------------------------------------------------------------------------------------------------------------------|---------|----|----|
| Body Length                                                                                                                                  | 10      | 12 | 14 |
| J                                                                                                                                            | 16-5/8" |    |    |
| Notes:<br>1. Non-standard door locations are not available.<br>2. Door location does not include recessed bulkhead. Subtract 6" as required. |         |    |    |
